

2017 Summer Soccer Skills Academy

For specific questions email info@GameTimeTrainingCenter.com or call 513-460-9292.

Join the summer skills training academy, beginning **Monday, June 19** and continuing through **Thursday, July 20** (taking the week of July 3-6 off). It will consist of 3 programs, each being a one hour session per week over the course of the 4 weeks, where the kids train in small groups. All sessions are run by the GameTime Prep Program staff and guest coaches.

The Summer Skills Academy consists of three separate programs; Program 1 is ball skills (Mondays), Program 2 is moves & beating defenders (Wednesdays), and Program 3 is ball striking & finishing (Thursdays).

Players may register for only one program, any combination of two or all three programs. Cost is \$60 per player for 1 session per week, \$100 for two sessions per week, and \$120 for all three sessions per week

The program courses will be a progression over the 4 weeks and the sessions will provide personalized coaching which can be missed in a team training setting. Each group will be limited to a small group of players, with a small player to coach ratio.

Each participant can add Speed & Agility, plus Soccergility to the summer skills program of your choice for the price of \$75. This allows the players to do a summer skills session followed by a speed & agility class in the same night. 4 weeks of everything a player needs to get ready for the Fall season. Speed & Agility classes offered Monday, Wednesday and Thursday at 7:30pm. Soccergility is offered on Tuesdays at 7:30pm.
